Summer 2026

News and Happenings

The Trustees of the Jewish Cemetery Friends' Association King's Lynn held their first fund raising event in the Hanse House on Sunday 7th June. It was also a Jewish Culture Month event. The event was oversubscribed with 70 plus people and there were a number of people who were unable to obtain tickets because it was sold out due to its popularity. One couple from Mundesley heard about the event from friends living abroad. Attendees came from Norfolk and much further afield. Advertised as Music and Nosh, it featured The Valentino Trio playing traditional Jewish music old and new, from different places around the world plus food and drink.

The Deputy Lord Lieutenant of Norfolk, David Flux attended and the High Sheriff of Norfolk, Jo Pearson came on the Town Walk and later took great pleasure announcing the raffle prize winners.

We were told that "the event was an enjoyable and informative evening, food was plentiful and tasty and the music, whilst Jewish in theme, was eclectic and tuneful." Feedback suggests as part of Jewish Culture Month this event raised awareness and funds to repair and conserve the Cemetery walls. Feedback "The Music and Nosh event was stunning. Music, food, great company and a High Sheriff to boot."

Repairs have begun

Repairs began but a new estimate suggests that we will need to apply for a large grant from English Heritage and the National Lottery.

SUMMER IN THE
CEMETERY

"The work you have done on the cemetery is wonderful. I loved the flowers. I want to eventually record these family stories in the wider context that you and others are creating. It's a tapestry that is slowly being woven for me."

Valentino Trio

The musicians commented on having loved playing at the venue and to an audience who they described as brilliant .
